

Start here

Open this first: **The Jumper Buyer's Full Look.**

Both are yours, Hicham — up on your workbench together, and you were right: the film is nailed.

Open "The Jumper Buyer's Full Look" first and watch it full-size — the full buyer's evaluation, start to finish. Then "Sales & Lease Sheet — Cash" sits right beside it: that's the document you couldn't find, the one written as a real seller's ad — registry, bloodlines, age, height, show record, the price, and the honest disclosures. It came out of the room here, and it's pinned next to the film now so the two always travel together.

Take the kit whenever you want to send both to your friend in one go. And if anything wants a tweak once he's seen it, just say so.

What is in the kit

1 **The Jumper Buyer's Full Look** *(open this first)*

Film • MP4 • the-jumper-a-buyers-full-look.mp4

The full remote-buyer evaluation clip — open this first, full-size. A standing look from both sides, a true walk, front-on and rear-on passes, and the trot, all on open outdoor footing with quiet ambience. Same horse throughout.

2 **Sales & Lease Sheet — "Cash"**

Document • PDF • jumper-sales-sheet.pdf

The horse's sales ad to read beside the film — registry, bloodlines, age, height, show record, price, and honest disclosures. Written the way a real seller fills it out.
