

A Song for Behjaoui

What's inside, and what to open first:

1. **Behjaoui — the playable video (press play)** (`1 · Behjaoui - the playable video (press play).mp4`): Press play right here, then send it straight to Behjaoui in-chat — the sleeve over the full song. Open this first.
2. **The song (.mp3)** (`2 · The song (.mp3).mp3`): The record itself — drop it anywhere you play music, or send it as the raw track.

Filed under Extras (reference and supporting material):

- **The lyrics sheet — every line + what it means** (`Extras/The lyrics sheet - every line + what it means.pdf`): Hand this to Behjaoui: every mixed-language line with a plain read beside it, so not one wink of the code-switching gets lost.
- **The cover (sleeve)** (`Extras/The cover (sleeve).png`): The single's sleeve — golden-hour Marrakech, the nous-nous on the ledge.
- **Behjaoui Widescreen** (`Extras/Behjaoui Widescreen.png`)
