

Cliff House — The Walk

What's inside, and what to open first:

1. **The Walk — walkthrough film** ([film/cliff-house-walk.mp4](#)): Open this first. One continuous cinematic move through the house in tour order — the drive up withholding, the great room throwing the whole west open, north to the suite, out to the pool as the sun sits on the negative edge. Golden hour throughout, silent, cut as one walk.
2. **Cliff House — the lookbook** ([lookbook/cliff-house.pdf](#)): The film's four hero frames composed as a small architectural monograph — the place on your shelf as well as your screen. Each plate names the real materials and the hour of light.
