

ELECTRIC SPORT RUNABOUT 30FT

Start here

Your 30ft electric sport runabout, whole — the book braids the three layers (the vision from five angles, the engineering a yard could quote from, and the honest build cost), and now the complete render set travels with it, so every frame we made is yours to

keep.

What is in the kit

1 **HULL 01 — Concept Dossier: the 30ft electric sport runabout** (open this first)

dossier/hull-01-dossier.pdf

Opens in any PDF reader (Preview, Acrobat, or a browser).

The whole thing in one object — the vessel, the naval architecture, and the honest build cost, braided across 22 pages. Open this first.

Filed under Extras

Reference and supporting material.

1 **On-water action frame — aft 3/4, under way**

Extras/on-water-aft-3q.jpg

Opens in any image viewer or browser.

The one hero-quality render that didn't land in the book — your runabout under way, aft three-quarter, throwing a clean wake. Same vessel, same graphite hull. Yours to have.
