

Ivan Gómez — Closet Render

What's inside, and what to open first:

1. **Clóset a Medida — Presentation (PDF)** ([1 · Clóset a Medida - Presentation \(PDF\).pdf](#)): Ivan's two pages in one: the photoreal hero he shows a client to close the sale, and the Spanish elevation he builds from. Open this first.

Filed under Extras (reference and supporting material):

- **Hero render — full resolution** ([Extras/Hero render - full resolution.jpg](#)): The finished frame on its own, full-size — for printing, sharing, or dropping into any other document Ivan needs.
- **Detail — drawers & shoe racks** ([Extras/Detail - drawers & shoe racks.jpg](#)): A tight crop of the cajones and zapateras, for a closer look at the joinery.
- **Closet Hero 03** ([Extras/Closet Hero 03.jpg](#))

Everything here also arrives as one zip: the Download kit.
