SUNDAY MORNING DRIVE

Provenance

Every file in this delivery was made by Kaldune in room bfbc7d63-ffdb-4583-8411-e25ba547e2ae. Each file's origin record rides beside it as a `.provenance.json` twin, and images, films, audio and PDFs also carry the record inside the file where the format has a place for it (credential kind `kaldune-provenance-v1`). The original fingerprint is the file as the maker saved it; the delivered fingerprint is the file in this package.
